Subject index

Articles in update issues are indicated by page numbers in italics: S1 indicates the supplement

Accidents, medical 4 (comment), 1045 (letter to editor)
Acid phosphatase, preoperative, as predictor of prostate cancer after radical prostatectomy 924
Adenovirus, p21, growth inhibitory effect on prostate cancer cells 314
Adolescent urology
  developments S1.42
  varicoceles S1.48
Adrenal metastasis, renal cell carcinoma (letter to editor) 823
Alfuzosin, lower urinary tract symptoms and benign prostatic hyperplasia 257, 1044 (letters to editor)
Alkaline phosphatase, preoperative, as predictor of prostate cancer after radical prostatectomy 924
Alpha-adrenoceptor antagonists
  effect of α_1 antagonists on bladder instability in bladder outlet obstruction 131
  erectile dysfunction 535
Aminolaevulinic acid (ALA)-induced protoporphyrin IX, orthotopic urothelial carcinoma of bladder 125
Androgen, normalization of levels in hypogonadal men, testosterone gel formulation (letter to editor) 490
Androgen deprivation therapy, prostate cancer, bone densitometry before treatment 690
Angiogenesis, effect of COX-2 in urothelial bladder cancer 389
Antiandrogen monotherapy, prostate cancer (letter to editor) 653
  long-term outcome in advanced cancer 545
Antibiotic prophylaxis in catheterized patients undergoing transurethral resection of prostate 589
Antimuscarinic treatment response, overactive bladder, urodynamics and 415
Antiplatelet drugs, stopping before surgery (letters to editor) 654, 655, 822
Apomorphine, erectile dysfunction 534
Arachidonic acid levels in prostate cancer 551
Artificial urinary sphincter (AUS), incontinence after prostatectomy (mini-review) 886
Auto-allergic periaortitis (comment) 663
Bacille Calmette-Guérin (BCG), intravesical therapy in T1G3 bladder tumour (mini-review) 346
  effect on tumour recurrence and regression (letter to editor) 332
Behavioural and lifestyle interventions for men with LUTS on watchful waiting 53
Benign prostatic hyperplasia (BPH)
  alfuzosin safety and efficacy 257, 1044 (letters to editor)
  cardiovascular risk factors and 64
  effect of dutasteride on BPH-specific quality of life 262
  ethanol endoscopic injection device (point of technique) 143
  guidelines on 937
  haemostatic properties of standard transurethral resection and transurethral vaporization resection 319
  heat treatment (letter to editor) 152
  morphometry of transitional zone acini 592
  rotoresection 710
  Serenoa repens extract: randomized controlled trial 267
  sexual dysfunction and (letter to editor) 822
  transurethral resection vs microwave thermotherapy: cost-consequence analysis 713
Biopsy, prostate *see* Prostate biopsy
Bisphosphonates, use in prostate cancer (letter to editor) 152
Bladder
  acontractile, remote-controlled intraurethral device 960
  augmentation, children S1.29
  capacity, effect of NR-8 1031
  electrical activity and electromyography 78
  exstrophy
    long-term results of bladder neck reconstruction 997
    ureterocystoplasty (point of technique) 146
  instability in bladder outlet obstruction: effects of suramin, terazosin and BMY 7378 131
  neurogenic dysfunction in children after pelvic neoplasms 289
  neurokinin-2 and -3 receptors 787
  orthoptic replacement
    Kock pouch, long-term results 429
    Lund experience 271
  outlet obstruction
    bladder wall tension 584
    cardiovascular risk factos and prostate size 64
    effect on developing kidney S1.38
    effects of suramin, terazosin and BMY 7378 on bladder instability 131
    undescended testes and 972
  overactive (comment) 521
    comparison of extended-release tolterodine and immediate-release oxybutynin 741
    diet and lifestyle risk factors 69
    effect of NR-8 1031
    nocturia and, effect on quality of life and sleep 948
    tolterodine treatment 418
    urodynamics and antimuscarinic treatment response 415
  stones *see* Stones, bladder
  unstable, changes in intercellular electrical coupling in detrusor muscle 297
Bladder cancer
  comparison of multitarget fluorescence *in situ* hybridization in urine with other noninvasive tests 911
  cyclooxygenase-2 in pTa/T1 cancer 389
  intravesical BCG in adjuvant setting for stage T1G3 tumours (letter to editor) 332
  neoadjuvant chemotherapy for muscle-invasive cancer (comment) 877
  nerve-sparing robot-assisted cystoprostatectomy and urinary diversion 232
  optical diagnostic techniques 400
  orthoptic urothelial, effects of photodynamic therapy 125
  papillary urothelial neoplasms of low malignant potential, long-term outcome 559
  positron emission tomography *161*
  radical cystectomy (mini-review) 12
  registration, national and international variation 563
  superficial
    long-term outcome of papillary urothelial neoplasms of low malignant potential 559

prognostic factors and predictive index 393
urinary markers (mini-review) 531
surgical factors (comment) 187
transcatheter arterial embolization for intractable haemorrhage 245
transitional cell carcinoma, management of T1 grade 3 disease (mini-review) 345
urinary markers (letter to editor) 823
Bladder neck
management of failed procedures in spina bifida patients S1.35
reconstruction for incontinence in children with bladder exstrophy or incontinent epispadias 997
Bladder wall, tension during physiological and pathological voiding 584
Bleeding, control in simple retropubic prostatectomy (point of technique) 813
BMY 7378, effect on bladder instability in bladder outlet obstruction 131
Bone densitometry, advanced prostate cancer requiring androgen deprivation therapy 690
Bone metabolism after enterocystoplasty 306
Bone metastases, prostate cancer
criteria for avoiding staging bone scans 685
quantitative evaluation in advanced cancer 379
use of bisphosphonates (letter to editor) 152
Bone scintigraphy, advanced prostate cancer 379
BOOK REVIEWS

Shah, J., ed. Fast Facts – Urology Highlights, 2003 821
Botulinum toxin, intradetrusor injection in intractable detrusor overactivity (point of technique) 325
Brachytherapy, prostate cancer
long-term complications *869*
surgeon's perspective (comment) 876
urinary morbidity after 555
Brain-derived neurotrophic factor (BDNF), effect on cavernosal nerve regeneration 470

Calcium channels
Ca^{2+} channels in detrusor smooth muscle 476
guinea pig prostate smooth muscle cells 1022
Calcium oxalate nephrolithiasis
influence of cranberry juice 765
prophylaxis by *Herniaria hirsuta* 137
Cancer
cytopathological expression of different types of urothelial carcinoma *in situ* in bladder washings 906
stem cells (comment) 661
see also sites and types of cancer
Cardiovascular risk factors, prostate size and, bladder outlet obstruction patients 64
Caspase activation, ureteric myocyte apoptosis 113
Castration, effect on endothelins in rat seminal vesicle 803
Catheterization
antibiotic therapy in patients with in-dwelling catheter undergoing transurethral resection of prostate 589
continuous overnight catheter drainage in children with polyuric renal failure 447
Cavernosal artery blood flow, retinal vascular findings and 977
Cell culture, surface modification to improve *in vitro* attachment and proliferation of urinary tract cells 636
Cell therapy, prostate cancer 1009
Chemotherapy, intravesical, device for reconstituting and delivering (letter to editor) 492
Clusterin overexpression, effect on radiosensitivity in LNCaP prostate tumour model 463
Colic, renal *see* Renal colic
Computed tomographic cysto-urethrography, dynamic three-dimensional spiral, post-traumatic posterior urethral defects 993
Connexin expression in detrusor muscle 297
Corpus cavernosum
blood flow, retinal vascular findings and 977
nerve regeneration, effect of vascular endothelial growth factor and brain-derived neurotrophic factor 470
Cranberry juice, influence on urinary risk factors for calcium oxalate kidney stones 765
Cryoablation, renal tumours in patients with solitary kidney 236
Cryptorchidism *see* Testes, undescended
Cyclooxygenase-2 (COX-2), angiogenesis promotion and prognostic value in pTa/T1 bladder cancer 389
Cystectomy
radical, bladder cancer (mini-review) 12
T1G3 transitional cell carcinoma of bladder (mini-review) 347
Cystitis, interstitial, self-help in 602, 736
Cystoplasty, skeletal growth and bone metabolism after 306
Cystoprostatectomy, nerve-sparing robot-assisted 232
Cystoscopy
effect on pain and anxiety of patient viewing along with detailed explanation 751
flexible, effect on uroflowmetry 426
Cysto-urethrography, dynamic three-dimensional spiral computed tomographic, post-traumatic posterior urethral defects 993
Cytochrome c, ureteric myocyte apoptosis 113
Cytopathological expression of different types of urothelial carcinoma *in situ* in bladder washings 906

Detrusor muscle
Ca^{2+} channels 476
electromyography 78
external sphincter dyssynergia in spinal cord injury, mesh wallstent for (letter to editor) 153
external sphincter dyssynergia and hyper-reflexia in spinal cord injury, effectiveness of intravesical resiniferatoxin 597
impedance measurements and connexin expression 297
intradetrusor injection of botulinum toxin in intractable overactivity (point of technique) 325
neurokinin-2 and -3 receptors 787
overactivity, pressure-flow variables with tolterodine treatment 969
unstable, bladder wall tension 584
Diagnostics, optical techniques 400
Diet, overactive bladder and stress incontinence in women 69
Dopamine receptor agonists, erectile dysfunction 534

Doppler ultrasound, colour, detection of perineural invasion by prostate cancer 28
Drainage, choice of nephrostomy tube (mini-review) 672
Drotaverine hydrochloride, effect in colicky pain caused by renal and ureteric stones 92
Dual energy X-ray absorptiometry (DEXA), advanced prostate cancer requiring androgen deprivation therapy 690
Dutasteride, effect on benign prostatic hyperplasia-specific quality of life 262

Elderly, nocturia and associated morbidity 726
Electromyography 78
Embolization
  transarterial, renal cell carcinoma 240
  transcatheter arterial, intractable haemorrhage from pelvic urological malignancies 345
Endothelins, effect of castration in rat seminal vesicle 803
Epidermal growth factor receptor (EGRF), prostate cancer (mini-review) 890
Epispadias, incontinent, long-term results of bladder neck reconstruction 997
Erectile dysfunction
  after cavernosal nerve injury, effect of vascular endothelial growth factor and brain-derived neurotrophic factor on nerve regeneration 470
  after radical prostatectomy, effect on quality of life 929
  after radical retropubic prostatectomy, effect of prostate size 370
  ageing male *516*
  comparison of International Index of Erectile Function and erectile function studies (letter to editor) 654
  hypogonadism and (mini-review) 896
  lifestyle issues (comment) 875
  lower urinary tract symptoms and, UrEpik study 719
  and lower urinary tract symptoms/benign prostatic hyperplasia (letter to editor) 822
  novel treatment agents (mini-review) 534
  patient preference for oral sildenafil or intracavernosal injection 277
  retinal vascular findings and 977
  self-help issues 736
  The Second International Consultation on Erectile Dysfunction: highlights from pharmaceutical industry (pharmaceutical review) 645
  trazodone treatment 441
Errors, medical 4 (comment), 1045 (letter to editor)
Ethanol breath test, measurement of irrigating fluid absorption during transurethral prostatectomy (letter to editor) 154
Extracorporeal shock wave lithotripsy, ureteric stones (letter to editor) 1045

Fistula, urethrocutaneous, repair after hypospadias surgery 621
Flow rate testing, diagnostic accuracy 58
Fluorescence *in situ* hybridization (FISH), multitarget, bladder cancer detection 911
Flutamide
  advanced prostate cancer, long-term outcome 545
  low-dose, hormone-refractory prostate cancer 695
Follicle-stimulating hormone (FSH), effect of renal transplantation 281
Future of urology (comment) 337

Gene therapy, prostate cancer, p21 adenovirus 314
Germ cell tumours, testes
  bilateral 43
  improving treatment outcome (comment) 524
  nonseminomatous
    improving prognosis of poor-risk tumours by optimizing combined treatment 36
    novel surveillance protocol for stage 1 tumours 32
  radiation therapy of stage 1 seminoma 47
  stage 1, management (comment) 1

HER-2 in prostate cancer (mini-review) 892
Herniaria hirsuta, prophylaxis of calcium oxalate stones 137
History
  paediatric urology S1.1
  preputial infibulation 758
Hydronephrosis
  after radical hysterectomy 748
  idiopathic: unusual aspects (comment) 662
  pelvi-ureteric junction obstruction caused by crossing renal vessels 101
  renal function as criterion for surgery in unilateral hydronephrosis 779
Hypogonadism and erectile dysfunction (mini-review) 896
Hypospadias, endocrine disrupters and 1016
Hypospadias repair
  spongioplasty and separation of corpora cavernosa (letter to editor) 653
  tubularized incised-plate
    distal and proximal hypospadias 783
    role of stenting in distal hypospadias in toilet-trained children 1003
  urethrocutaneous fistula repair after 621
Hysterectomy, radical, hydronephrosis after 748

Ileal conduits, ureteric access (letters to editor) 331, 491
Impotence
  effect of renal transplantation 281
  see also Erectile dysfunction
Incontinence
  after prostatectomy, artificial urinary sphincter 886
  after radical retropubic prostatectomy 355
    effect of prostate size 370
  bladder neck reconstruction, long-term results in children with bladder exstrophy or incontinent epispadias 997
  efficacy of tolterodine in mixed incontinence and urge incontinence alone 418
  impact of stress, urge and mixed incontinence on health-related quality of life 731
  mixed, stress incontinence surgery for 964
  prevalence of male incontinence: UrEpik study 943
  spinal cord injury, effectiveness of intravesical resiniferatoxin 597
  stress, diet and lifestyle risk factors 69
Indian pharmaceutical industry (pharmaceutical review) 811
Information provision before PSA testing (comment) 185
Insulin-like growth factor (IGF)-1 and IGF-binding protein-3 in prostate cancer 699

Kidney(s)
  developing, effect of bladder outlet obstruction S1.38
  drug secretion after neonatal induction of ureteric obstruction 452
  lower calyceal infundibular width on intravenous pyelography, variability in 607
  stones *see* Stones, kidney
  tumours
    cryoablation in patients with solitary kidney 237

Laparoscopy
12-mm radial dilating ports for laparoscopic access (point of technique) 327
computer-assisted pyeloplasty 437
de-roofing of simple renal cysts 610
nerve-sparing robot-assisted cystoprostatectomy 232
paediatric urology S1.52
retroperitoneal dismembered laparoscopic pyeloplasty in children 104
retroperitoneal laparoscopic renal surgery in children, mentored approach 617
Laser therapy, holmium lasers
day-case laser enucleation of prostate (letter to editor) 330
high-power laser ablation of prostate: long-term results 707
prostatectomy (mini-review) 527
Leptin receptor polymorphisms and early-onset prostate cancer 109
Leuprolide acetate, advanced prostate cancer 226
Leuteinizing hormone-releasing hormone (LHRH) agonists, advanced prostate cancer 226
Lifestyle and behavioural interventions for men with LUTS on watchful waiting 53
Lifestyle factors, overactive bladder and stress incontinence in women 69
Lignocaine, pericapsular, pain reduction in transrectal ultrasonography-guided biopsy of prostate (letter to editor) 154
Lower urinary tract
neurogenic dysfunction in children after pelvic neoplasms 289
reconstruction for congenital abnormalities, pregnancy following 773
Lower urinary tract symptoms (LUTS)
alfuzosin safety and efficacy 257, 1044 (letters to editor)
assessment in prostate cancer: effect of 'response shift' 703
chronic retention and, conservative management 581
guidelines on 937
health status and, UrEpik study 575
importance in communities (comment) 342
lifestyle and behavioural interventions for men on watchful waiting 53
prevalence, UrEpik study 409
and sexual dysfunction in men (letter to editor) 822
Luteinizing hormone (LH), effect of renal transplantation 281
Lycopene plus orchidectomy in management of advanced prostate cancer 375

Masturbation, prevention by preputial infibulation 758
Melanocortin receptor agonists, erectile dysfunction 535
Metoidioplasty 981
Microwave thermotherapy, transurethral, benign prostatic hyperplasia (letter to editor) 152
comparison with transurethral resection: cost-consequences analysis 713
Micturition, suppressive effect of NR-8 1031
Monocyte chemoattractant protein 1, Peyronie's disease, effect of wogonin 753
Myelodysplastic child, management S1.23

Na,K-ATPase isoforms in rat ventral prostate 793
National Institutes of Health Chronic Prostatitis Symptom Index (NIH-CPSI), Finnish version 251
Natural-killer cells, antitumour, peripheral blood of prostate cancer patients 1009
Nephrectomy, hand-assisted retroperitoneoscopic radical (letter to editor) 825
Nephrostomy tubes, choice of (mini-review) 672
Neurokinin-2 and -3 receptors in human and pig bladder 787
Neurotrophic factors
brain-derived, effect on cavernosal nerve regeneration 470
effects on pelvic ganglia 631
NO synthase, topical 536
Nocturia
comorbidity in elderly 726
prevalence and effect on quality of life and sleep 948
Nomograms, prostate cancer (mini-review) 7
NR-8, suppressive effect on micturition 1031

Obstructive uropathy, cytochrome c and caspases related to ureteric myocyte apoptosis 113
Oestrogens
effect on development of urethral seam of developing mouse genital tubercle 1016
undescended testes and 972
Optical diagnostics 400
Orchialgia, chronic (letters to editor) 491
Orchidectomy
advanced prostate cancer, effect of adding lycopene 375
severe osteoporosis after (letter to editor) 652
Orchidopexy, late 293
Osteoporosis
advanced prostate cancer before hormonal manipulation 690
after early orchidectomy (letter to editor) 652
Oxybutynin, immediate-release, overactive bladder 741

p21 adenovirus, growth inhibitory effect on prostate cancer cells 314
Paediatric urology
changes in last 25 years S1.7
history S1.1
Partin tables (mini-review) 7
Pelvi-ureteric junction (PUJ) obstruction
by crossing renal vessels 101
laparoscopic computer-assisted pyeloplasty 437
prenatal diagnosis, effect of delayed pyeloplasty on renal function (letter to editor) 152
retroperitoneal dismembered laparoscopic pyeloplasty in children 104
Pelvic ganglia, neurotrophic effects of vascular endothelial growth factor and neurotrophins 631
Pelvic neoplasms, children, neurovesical dysfunction after 289
Pelvic nerve, effect of NR-8 1031
Pelvic pain
chronic, Italian study 955
Finnish version of National Institutes of Health Chronic Prostatitis Symptom Index 251
Penis
fractures, surgical or conservative treatment (mini-review) 349
neural anatomy 624
reconstruction, metoidioplasty in female transsexuals 981
squamous cell carcinoma, squamous cell carcinoma antigen measurements 248
Periaortitis, auto-allergic (comment) 663
Perineum, neural anatomy 624
Peyronie's disease
pericardium as tunica albuginea substitute 119
wogonin suppression of monocyte chemoattractant protein 1 753

biochemical disease-free survival in patients with high PSA and localized disease 19, 824 (letter to editor)
effect of erectile dysfunction on quality of life after 929
experience of a urologist patient (comment) 523
health-related quality of life in patients 217
outcome in patients with prostate biopsy Gleason score of ≥8 539
seminal vesicle-sparing, effect on serum PSA level 920
radical perineal (comment) 522
surgical anatomy of puboprostatic complex 681
radical retropubic
apical dissection in *172*
effect of adjuvant radiotherapy on continence, bowel symptoms and need for further procedures 360
effect of prostate size on outcome 370
'labelled key-ring clock' for urethral – bladder neck anastomosis (point of technique) 1039
preoperative serum acid phosphatase and alkaline phosphatase as predictors of prostate cancer after 924
urinary incontinence after 355
vesico-urethral anastomosis and nerve-sparing prostatectomy *178*
simple retropubic, control of bleeding (point of technique) 813
see also Transurethral resection of prostate
Prostatitis
Finnish version of National Institutes of Health Chronic Prostatitis Symptom Index 251
prevalence, diagnosis and treatment in Italy 955
Protoprophyrin IX, aminolaevulinic acid (ALA)-induced, orthotopic urothelial carcinoma of bladder 125
Prune-belly syndrome S1.10
PSA *see* Prostate-specific antigen
Psychosocial factors and health-related quality of life in prostate cancer patients 217
Puboprostatic complex, surgical anatomy 681
Purinergic antagonists, effect on bladder instability in bladder outlet obstruction 131
Pyeloplasty
effect of delay on renal function in prenatally-diagnosed PUJ obstruction (letter to editor) 152
laparoscopic
computer-assisted 437
retroperitoneal dismembered, children 104

Quality of life
after radical prostatectomy, effect of erectile dysfunction 929
health-related
effect of incontinence (stress, urge and mixed) 731
nocturia and 948
psychosocial factors and, prostate cancer patients 217

Radiation therapy
effect of adjuvant radiotherapy after radical retropubic prostatectomy 360
effect of overexpression of clusterin on radiosensitivity in LNCaP prostate tumour model 463
external, prostate cancer, health-related quality of life in patients 217
stage 1 seminoma of testis 47
Radiology, paediatric, changes in last 25 years S1.7
Radionuclide imaging, criteria for avoidance in staging bone scans in prostate cancer 685
Regenerative medicine and urology S1.58
Renal artery, early ligation using posterior approach (point of technique) 488
Renal cell carcinoma (RCC)
contralateral adrenal metastasis (letter to editor) 823
early ligation of renal artery in (point of technique) 488
nephron-sparing surgery
long-term results 567
purse-string suture (point of technique) 1041
positron emission tomography *160*
preoperative clinical prognostic model for non-metastatic disease 901
screening using ultrasonography (letter to editor) 1047
transarterial embolization 240
Renal colic
effect of drotaverine hydrochloride 92
pelvi-ureteric junction obstruction caused by crossing renal vessels 101
Renal cysts, comparison of aspiration and sclerotherapy with laparascopic de-roofing in simple cysts 610
Renal failure, polyuric, continuous overnight catheter drainage 447
Renal function
after continent urinary reconstruction in patients with solitary functioning kidney 987
split, after successful treatment for vesico-ureteric reflux 1006
Renal surgery
percutaneous, choice of nephrostomy tube (mini-review) 672
retroperitoneal laparoscopic, mentored approach 617
Renal transplantation
effect on sperm quality and sex hormone levels 281
into abnormal lower urinary tract *510*
transurethral incision of ureteroneocystostomy strictures 769
Renal vessels, crossed, pelvi-ureteric junction obstruction and 101
Renograms
calculating renal output efficiency in (point of technique) 485
type 4 (Homsy sign), analysis of compartmental models 85
Resiniferatoxin, intravesical, detrusor hyper-reflexia and external sphincter dyssynergia in patients with spinal cord lesions 597
Retik, Alan B. S1.iv
Retinal vascular findings and penile cavernosal blood flow 977
Retroperitoneal fibrosis, idiopathic (comment) 663
Rho-kinase inhibition, erectile dysfunction 536
Robot-assisted surgery
laparoscopic pyeloplasty 437
nerve-sparing cystoprostatectomy and urinary diversion 232
prostatectomy 205
telerobotics (mini-review) 678
